

Eurogold  
Unit 114 Golbourne Enterprise Park  
Kidgrove Road  
Golbourne  
Lancashire  
WA3 3DP

To Whom It May Concern:

The above named Company have successfully completed a number of Developments for Antler Homes North West to our complete satisfaction.

The Construction Department have been impressed with the quality, in particular the concrete finishing and external paving, and their adherence to programme. Indeed on two logistically demanding developments, such was their planning and attitude they bettered the agreed programme times.

The Commercial Department are impressed with the professional manner in which they submit their payment applications, and their attitude to agreeing additional items, in which rates and quantities were agreed quickly and amicably.

I have known Damien Brickland for over 25 years and have no hesitation in recommending both him and Eurogold for similar work within the construction industry.

Tom Shinks

Construction Director
