To Whom It May Concern

9th January 2008

Dear Sirs

Eurogold

Hargreaves have worked with Eurogold over the last 18 months on numerous ALDI new builds and extensions.

During this time they have been an exemplary company to deal with.

They are not only very competitively priced but are proactive, helpful and produce very high quality work within agreed timescales. They are a rare and much valued company which we hope to continue to do business with for many years to come!

Kind regards.

Yours sincerely
