Dear Andy

I would like to thank your company very much for the job you have done on the Car Park at Tindall St Allotments, for the efficient way the work was carried out and the end result which is being admired by all.

Would you please pass on my thanks to your workmen who carried out the job, the way in which they went about their work also the courtesy and friendliness they showed during their time at the allotments, it was a pleasure having them around.

Thank you again

Yours sincerely

Don Booth
